This is Yukkuri demasu!

I had finished with Kazura Chapter 26 and now continue translating Realist Kingdom Reform Chronicle and Mira's LN Chapter 2.

I'll be busy for some several days ahead, so expect major delay.

It's Yuuji's imouto[i] point of view

In this chapter, the connection to Japan is the focus of the story

Chapter 3:

Prologue

「Hello? Moshimoshi? Ah, so it's you Emi. What's wrong? Currently it's noon over there right?」(Sakura)

「It's way beyond 'what's wrong?!' Sakura, don't you know? Sakura's house and oniisan are famous on the bulletin board!」(Emi)

「Eh? What's that? Isn't my oniichan still shutting himself in the

house?」 (Sakura)

「No, that's not it! Ah, I don't know anymore! That's right. For now, just quickly open the URL I'll mail to you. Then see you later!」 (Emi)

It was a night after I finished my work when my highschool friend called me on the phone.

「Geez, what's wrong with that Emi. Since she already sent it...」 (Sakura)

When I opened the mail from Emi, I read the bulletin board that was linked from the URL.

「Eh!? What the heck is this! Oniichan, what had happened?! What do you mean by another world!」 (Sakura)

The content of it was something unexpected. I involuntary shouted in a loud voice.

『What's wrong Sakura? It's rare for you to use Japanese』 (George)[ii]

『Ah, I'm sorry George. But my brother and my house got involve in a big incident! Clear my schedule since I'll be immediately returning to Japan!』 (Sakura)

『Hmm, I understand. What unfinished work does Sakura have now? Please gather the data and make a document that I can understand. After that I will finish it. While you collect the data I'll book the flight.』 (George)

『Thanks George! I love you!!』 (Sakura)

I immediately opened the PC, and collected the data and materials for advertisement design that I was working on now.

Though it was vexing, the design sense of my husband George who was the manager of our corporation was higher than me.

The client was also a company that George originally handled. So I don't think that there will be any problem.

For the time being, I called the house.

It's connected, but I can only hear *kyurukyuru* as if it was a speeded up voice recording.

Is it broken? No matter how much I tried, the result was the same.

My irritation only continued to increase because of this impossible to understand situation and the unconnected phone.

「 Tomorrow, I'll fly from L.A.[iii] to Japan, from Narita[iv] it will take hours to reach home..... I need to charter a rental car. Really.... What are you doing Oniichan! I don't understand what you mean by another world!! 」 (Sakura)

))))))))))))))))))

The TRUE Imouto have arrived. It's rather cute that although she was already in the mid twenties, Sakura still called Yuuji as oniichan.

[i] Imouto as in Younger sister. I keep it as Imouto since that's my preference and because typing 6 letters is easier than typing 14 times. Yes I know sister is only 5 letters, but I dissent on this.

[ii] This 『 』 on this chapter means that they are speaking in English.

[iii] L.A.as in Los Angles, USA. The smog filled city where more than 5 millions souls toiled under torture in its heinous concrete prisons.

[iv] Japan's International Airport. Located in Chiba, East of Tokyo City.

Chapter 3: Although Yuui is a NEET, It Seems that He's A Rich Person in Japan

Part 1 Yuuji's Imouto Sakura, Going to Check the House

「Two times two is four, two times three is six, two times four is eight, two times five is ten, two times six is twelve, two times eight is sixteen, two times nine, two nine.....tonight eat meat!」 (Alice)

「Alright, then I will thaw the wild boar meat. We will have steak for lunch! Also Alice, two times nine is eighteen. Did you answer it with “tonight eat meat” on purpose?」 (Yuuji)

Alice was bashfully giggling as she was patted by Yuuji. He was really pampering his stepsister.

“Since these two were really beyond help.” Was what her eyes said as Kotarou let both of them do what they please.

Even the dependable beloved dog was also pampering the younger sister.[1]

Would Alice’s education go well like this?

pururururu pururururu!

A ringtone echoed in the living room. It was the phone.

Yes, if the internet was connected, so was also the phone.

However.....

「Yes, this is Houjou..... Again, huh? I still heard nothing except for the strange sound of ‘Kyurukyuru’. Maybe this is a phone call from Japan.」 (Yuuji)

Yes, even though the phone was connected, he couldn’t hear anything other than the scraping *kyurukyuru* that sounded like a fast forwarded tape.[2]

「The television also didn’t receive any transmission..... If my house is here then what happened with the house in Japan? I wanted to contact my imouto but I don’t know her email address..... *sigh*」 (Yuuji)

□ □ ■ ■ □ ■ ■ □ □

「I arrived! To sit inside a cramped space for 12 hours really is torture, Also, Japan is cold...!」 (Sakura)

Yuuji’s **real imouto** Sakura Flores (maiden name: Houjou Sakura) had just arrived at Narita International Airport.

“First things first was charter a Rental Car, right? But I wonder if I would be able to reach the house under these road and weather conditions.” Sakura grumbled her complains while heading towards the rental counter.

Her loud soliloquy was very similar to her brother.

「If you’re going to Utsunomiya City[3] then it will take at least 2 hours by using the Ken-Ou Expressway[4] as it is currently clear from any dense traffics. You can enter the Ken-Ou Expressway from Taiei Junction[5], then continue to Touhoku Expressway[6] via Kuki Shiraoka JCT.」 (Rental Counter Oneesan)

「Ooh! I see that it had been connected to Ken-Ou Expressway when I was in America. Thanks for the information, Onee-san!」 (Sakura)

While saying a soliloquy to herself, “Japanese people drive on left side so I need to be careful”[7], after a straight journey, Sakura arrived at Houjou Family’s house.

「What the heck has happened in here!!!」 [8](Sakura)

It was not Matsuda *saku[9].

When Sakura reached the place where Houjou Family’s house was located, what awaited her was only an empty ground.

The house was not there.

The gate was also not there.

Neither was the hedge that surrounded the house.

At the place where the Houjou house was previously located, was a gaping empty ground that about 50 cm lower than the surrounding ground.

「Eh. For real. What is this. Did Oniichan move out? No, maybe I made a mistake about the address. That must be right, hahahahaha.」 (Sakura)

“For now, although it was a bit far, let’s go towards the neighbor Fujiwara-san’s place. Since its light is on, either it was ojisan or obasan[10], there must be someone in there. But if that place is really Fujiwara-san’s, then how could the house disappeared?”

While she was murmured her complaint, Sakura walked towards the neighbor house that was about 300 meters away, even when she came with a car.

Her mind was really lost in confusion.

And,

The neighbor was really Fujiwara-san.

Houjou’s House had disappeared from its original location.

「Ah..... I don’t have a place to stay for tonight.」 (Sakura)

Sorry. But no translation until Monday.

I need to take the National Medical Board’s Objective Structured Clinical Mock-Examination in Saturday

Then attending a seminar in Sunday.

YUKKURI NOTES:

There is an extreme language pun in this chapter that lost in the translation into English:

Alice is reciting the multiplication table shorthand: example ni(2)-(times)-nin(2)-ga(is)-shi(4), like saying in English: two.two is four, two.three is six, etc.

She recite it up to eight, skipping seven for some reason, the pun comes when she recite two times nine (2 ni and 9 ku), also niku also means meat. So “**niku** gajyuuhachi” (two.nine is eighteen) turned into “**niku** tabetai” (I want to eat meat)

[1] The word used in this is imoutobun... “Someone that considered as a little sister or female underling/protégée”. Sometimes it used in Gangster or Yakuza or School Gang settings.

[2] Just imagine it sound like Chipmunks in steroids, or a film dialogue you played at 10x speed.

[3] 宇都宮市(Utsunomiya-shi: Utsunomiya City)The Capital City of Tochigi Prefecture.

[4] The Ken-O Expressway (圏央道, Ken-Ō Dō), or Metropolitan Inter-City Expressway (首都圏中央連絡自動車道, Shuto-ken Chūō Renraku Jidōsha-dō) or National Highway Route 468

[5] Ken-Ou Expressway exit near Narita Airport

[6] Touhoku Expressway (東北自動車道). If Sakura take this she then can get down in Utsunomiya IC that connect to Kita Utsunomiya Road (Route 119) that will take her to Utsunomiya proper. And no, I never been in Japan, how could I know this is thanks to the vast Babel Library that is called internet.

[7] Like many other Insular and Island Nations (and South Africa),

Japan drive on the left side of the road. It can cause trouble for driver who had accustomed to driving on the right side. As for me, I come from a country where driving on the left is the norm, so no problem for me.

[8] Nanjakorya~!!! (literally means: What is this) mostly used as an expletive when meeting with unbelievable scene.

[9] Its the famous Japanese Actor, Matsuda Yuusaku (松田 優作). The Detective MC he played in 太陽に吠えろ (Taiyou ni hoero), is shot, then looks at his blood covered hand and shouts なんじゃこりゃー ! (Nanjakorya-!). It is one of the most famous, and thus oft quoted, lines in the history of Japanese TV.

[10] Ojisan: A rather familiar way to call an old man or middle age man. It actually means Uncle. Obasan: Same, but for woman. It actually means Aunt. So in English maybe it close to Mister and Maam, but the familiar context is lost.

Chapter 3: Although Yuuji is a NEET, It seems that He's a Rich Person in Japan.

Part 2 Yuuji's Imouto Sakura, Contacting Yuuji in Bulletin Board

「Ah, Hello, Emi? I returned to Japan, but my house has disappeared. Eh? Yes, I'll tell you the details when we meet. Can we eat somewhere and also can I stay at your place? Yes, I understand, Min*n Main Store[2], right? So that place is still exists. It's fine it's fine, since I have returned, I also want to eat Gyouza[3].

See you later~」 (Sakura)

Sakura, Yuuji's imouto, had flown all the way from Los Angeles to Japan to visit her house. But, what had awaited her was not her house but an empty ground.

Sakura who had lost her place to stay, got in touch with her high school best friend Emi, to secure a place to sleep and someone to consult with.

Yuuji's Imouto was unexpectedly active and efficient in doing things.

◆◇◆◆◇

「How nostalgic~! Even if it was profitable, they didn't remodel the Main Store. Emi also hasn't changed.」 (Sakura)

「Wait! That is just not possible! What happened with Sakura's house and oniisan?」 (Emi)

“Ahahaha~, the explanation is very long.” Sakura dodged from the question as she ordered a meal for her dinner. Her tendency to postpone things was similar to Yuuji.

No, this gyouza shop has a very high turnover rate[4]. She not running away from the question, she was just reading the situation and being considerate to the other customer. Maybe.

「Mou! [5] I was so curious that I left my daughter at my mother's place and came straight here! You will be talking to me all night long!」 (Emi)

While being pulled by Emi that had an angry look on her face, “Ah, obasan, two Yakigyouza[6] and one Suigyouza[7], two large servings of rice.” Sakura cheekily completed her order.

Although Sakura was thankful towards Emi who provided her with a place to stay despite calling so suddenly, but Emi was coming here in order to satisfy her curiosity. Sakura already understood what Emi's was thinking.

「Whoa, it's been so long since I tasted this deliciousness. Gyouza and rice are the best! The dishes at the Chinatown are also delicious but as expected this shop's gyouza is still the best!」 (Sakura)

Accompanied by the crunchy baked skin crimp collaborated with the satisfying juicy filling, those two friends excitedly talked about how they've been

Needless to say, they had been being friends for about 10 years.

「Then..... Finally we've arrived at my room. So then, first tell me what happened to your house? 」 (Emi)

「Yes, um how should I say it?..... The house, right? The house, the house, you see, has disappeared. The house, the garden, the gate, the hedge, the surroundings, everything. The house gone, oniichan also gone. By the way, my house disappearance, Emi already know, right? 」 (Sakura)

「So that happened. Sakura who had come home from America called me not to especially do something with me but because she wanted to make sure that the house had really disappeared? If it was just a prank I would ignore it, ignore. Didn't he just moved away? 」 (Emi)

「Yes..... maybe the house and oniichan are really in another world? 」 (Sakura)

「Although the phone was connected but you only heard a voice that you don't understand, right? Just like with the video. 」 (Emi)

「Yes..... What should I do? Maybe I am really all alone now..... 」 (Sakura)

「*Mou*, don't you still have George-kun! But, that's that..... Do you want to try contact him? 」 (Emi)

「Eh? How? The phone is useless, oniichan doesn't know my email address, and oniichan doesn't have a cellphone. Perhaps he also doesn't have email address, right? 」 (Sakura)

「What are you saying? Isn't there still the bulletin board? 」 (Emi)

Chapter 3: Although Yuuji is a NEET, It seems that He's a Rich Person in Japan.

Part 3 Yuuji, Taking Photographs to Send to His Imouto Sakura

In a dim room illuminated by the lights from a computer monitor, only the whirring sound from a computer fan could be heard.

Yuuji quietly stood up and walked towards the corner of his room.

He sat down while holding the knee.

Although Kotarou was supposed to be asleep, she gently snuggled up to Yuuji and licked his cheek.

“No need to be worried, cheer up!”(Kotarou)

So she was consoling him.

「 Thanks, Kotarou. You’re always supporting me. 」 (Yuuji)

Yuuji embraced Kotarou.

On Yuuji’s bed, Alice was sleeping peacefully.

She was smiling while mumbling in her sleep, it seems that she was havng a pleasant dream.

Meanwhile, Yuuji had just watched a nightmare unfold inside reality.

「 It’s good that Sakura is well. It’s good that I can contact Sakura. This is a good thing. Yes, this is a good thing. 」 (Yuuji)

Yuuji mumbled repeatedly as if to convince himself.

Kotarou drew her body even closer to him.

For Yuuji, this was a very long night.

◆◇◆◇

「 Ah, good morning Alice. 」 (Yuuji)

「 Good morning Yuuji-nii! Why are you sitting in that place? 」 (Alice)

The next morning. In the end, Yuuji didn’t get a wink of sleep and sat down in the corner of the room.

Although he was very pitiful, it was all his own wrongdoings.[1] It’s something inevitable. Reality is harsh and unforgiving.

「 Alice, today, you know, I will send an email to my sister Sakura. She is very far away so you can’t meet with her, but Alice also has an oneechan. 」 (Yuuji)

「 Is that true!? Alice has always wanted an oneechan! Alice had asked Mom before but she said that she couldn’t make an oneechan..... But what is email? 」 (Alice)

「 Ah you see, it’s something that similar to a letter. That’s right, let’s take a photo of Alice and send it with the email! 」 (Yuuji)

「 Photo, the wonderful picture thingy? Un, Alice wants to take a photo! Then Alice needs to dress up! 」 (Alice)

What a clever girl. “Woofwoof!” Kotarou also wanted to get her fur brushed up.

Yuuji stroked Kotarou, “You’re right Kotarou, let’s get you shampooed and brushed up.”

His heart was a bit healed by the figure of his step sister and

beloved dog.

Houjou Family's women were very powerful.

◆◆◆◆

「 Tripod OK. Camera OK. Wireless Shutter OK! The camera angle to catch the house and the people beautifully is perfect. I need to thank the Camera Ossan who taught me many things. Alice, are your preparation done? 」 (Yuuji)

「 Un! I wrote a letter to Oneechan, I wonder if she can read it? 」
(Alice)

「 Let me see? Yes, it's perfect! If Sakura can't read it then I'll make her cry so it's fine! 」 (Yuuji)

Yuuji proudly proclaimed something he couldn't do.

Since they took the photo outside, Alice wore a coat today. In the cold winter, the grey duffle coat was Alice's favorite.[2]

The sleeves that were too long had to be folded back and the long coat's hem was also folded back and fastened with a safety pin.

They didn't cut the long sleeves or the coat's hem because of the forethought of letting Alice wear it even after she grew up and also because it was Sakura's favorite coat.

As much as possible, he didn't want to get blamed by Sakura.

It was a step taken to fulfill this wish of Yuuji's.

In Alice's hand were four A4 papers that were connected with tape to make A2 sized paper.[3] Yuuji made a rough draft of the message in Japanese then Alice would copy it.

There were lines askew in several places, but it emphasized that it was written by the childish Alice.

『 Sakura-oneechan

Thank you for the beautiful clothes

Your imouto Alice 』

As much as possible, he didn't want to get blamed by Sakura.

It was the impudent tactic to fulfill this wish of Yuuji's.

「 OK, then Alice stand here, Kotarou over there. Then here we go, Alice make a smile! Say fuzzy pickle! 」

Click

In the picture were Alice who was smiling widely and Kotarou who

was posing gallantly.

And also, Yuuji who was giving a frail smile with a distinct shadow under his eyes pasted over his expression.[4]

((()))

Part 4 Yuuji's Imouto Sakura, Concerning the Situation in Japan

「Then what will you do for today?」 (Emi)

It was the dawn after the night of the shocking identity confirmation method, Sakura had finished with her breakfast when Emi had begun to ask her.

「Hmm, since oniichan's email will arrive at the best in the afternoon or night, today I want to visit several places. I don't know whether it really another world or not, but the electricity and water service is still connected, right? I think on checking the contract, the service status, or the fee among others.」 (Sakura)

「Guwoah~, hat's sound interesting! But today I have my part-time job, after that I need to pickup my daughter from the kindergarten. I

have no choice but to give up huh?.....」 (Emi)

‘**This woman**, she really wanted to accompany Sakura to electric company or waterworks bureau just out of her curiosity.’

However, it was thanks to **this woman** that she could contact her oniichan, was what Sakura said to herself, as her feelings of irritation began settled down.

「 Since I also have the rental car, I can go by myself. This is my hometown after all. Thanks for yesterday. 」 (Sakura)

「 Damn. If you are still in Japan don't forget to contact me! It's debriefing session! 」 (Emi)

Emi who still argue vehemently was suddenly hugged by Sakura who soon took her leave.

Bye, she lightly waved her hands.

She was completely Americanized.

□ □ ■ ■ □ ■ ■ □ □

「 Houjou-san , right!? Finally a family member that can be contacted has come! Manager! Manager! It's that Houjou-san! 」 (Receptionist)

When Sakura entered the office of the electric company that had contract with her house and reported her name and address as Houjou to the female receptionist, with an intense force she went to call her superior.

The female receptionist then came back and guided Sakura to the reception office. A middle-aged man(ossan) that seemed to be the manager rushed into the room.

「 Houjou-san.....Finally it's possible to meet with you! It had been so long, postcards can't be delivered, the phone call is also useless, and going to meet directly but the house is not being there. I really wondered what we should do. 」 (Manager)

The ossan immediately talk disregarding basic businessman ethic like exchanging business card or introduce their name.[1]

「 Ano..... But, I don't really understand the situation..... 」

「 The situation!? The situation isn't it! It was seriously troubling for us. Please listen Houjou-san, when you change residence please called the electric company beforehand. It's good manners, but not only did you move the house without contacting us, we also couldn't contact you. When we checked the problematic house, the house

was already gone. Furthermore, where did you get those demolition contractors? Without contacting us, they cut the electric cable. It's really unbelievable. Could you tell me which demolition contractors they were, because I want to teach them directly? If they do things this carelessly, a corpse would come out you know. Do you understand? When our employee visited your house, the electric cable that supposedly transmitted the electricity to your house were dangling around in the air. We were working frantically in a rush to repair it. And now you say you don't know the situation? Hahaha...」 (Manager)

The ossan started to laugh dryly with serious expression. He really was fatigued. But based on the ossan's explanation then it was something that was not unexpected.

「Is-Is that so?..... Then, what about the current service contract or the fee.....」 (Sakura)

Though Sakura receive so much pressure, she didn't apologize for the situation.[2]

It was not because of her character, but because she knew that it would be hard to make a business lawsuit in America.[3]

If she apologized then she would lose.

Rather than losing her social standing and financial assets, it was just not her idealism.

「Current service status? Of course it had been terminated. Understand? The electric cable was dangling in the air, you know? Also, with sparkly sparking sparks. How could you use it? The money? You will receive the full sum of utilization fee by our legal affairs. Please, please give us telephone number that we can contact.」 (Manager)

「I understand. This is my telephone number and email address. Although I can be contacted, but since I was living in overseas, can I use a proxy in Japan? I will contact you about the proxy in the future.」 (Sakura)

「Aa, that method will really helped us. Then, this is my contact address.」

At last the ossan took out his business card.

Already on the first item she had met a big problem, Sakura one way or another had grasped the current situation.

Fuu.

When Sakura returned to the car, she let out a big sigh.

“Why is the electricity still connected to the house?” She was not sighing about this.

It was because she still needs to go to the waterworks bureau and gas company.

After this, she would get senseless complaints.

The relevant company’s content would be the same: their service was disconnected abruptly, it caused an incident at the scene, and the legal affairs would contact her about the fee.

If she had seen this coming, before exchanging emails with her Oniichan, she would have exchanging emails with lawyers first.

Sakura was swearing inside her heart.

USUAL TRANSLATION NEWS:

Good news for Rimuru-sama follower: My brother and I had finished with translating Chapter 115.

Also, Realist had 66% edited, please wait for the last 33%, since the editor was just recovered from her sickness and need to catch up with some school work.

Mira’s Light Novel chapter 2 is being edited right now, so please wait warmly.

I’m now translating Kazura’s Chapter 27 (it’s a huge block of text, since it’s full with exposition and GIANT FORESHADOWING).

Well... If you curious about my Original Works, I don’t know when I’ll finished the Chapter 2 Part 2. I have written it in paper but... typing is a hassle... and OCR is unreliable to read my scrawny writing.... and the integrated voice to text function in Windows gave up on my heavily Asian tinted English, for example I can’t properly sense or said the difference between "rout" and "root", or "hill" and "heel". English has about 24 vowels (18 if you are American), while my mother language had only about 6 vowels (and 5 tones) while the national language also only had 6 vowels, so pardon my confusion.

[1] If you meet with a businessmen or women in Japan, they would first introduce yourself and give you their business card.

[2] In case the Non-Japanese reader wondering about this line.

Japanese people apologize a lot whether they really mean it or not since the normal conversation etiquette require them.

[3] Not really sure about this: 気質ではなく、訴訟大国アメリカでビジネスしているゆえのタフさである。

Chapter 3: Although Yuuji is a NEET, It seems that He's a Rich Person in Japan.

Part 5 Yuuji's, Sending Email to His Imouto, Sakura

「Alright, since we're already at outside, why don't we play in the snow for a bit? Alice!」 (Yuuji)

「Play in the snow?」 (Alice)

「Yes, let's make a snowman!」 (Yuuji)

Together with Alice and Kotarou, Yuuji had finished with taking a picture to send to his imouto, Sakura.

He should have sent it immediately to his imouto's email address or so we thought, but he still continued to escape from reality.

Together with the squealing Alice who was in high spirits because she hadn't played outside for a while, he was making a snowman from the piled up snow in the garden.

「Listen Alice, we roll it like this to make the snowman. By doing this, the snow will stick on it and it will slowly go bigger.」

Although there were distinct bags below his eyes and his expression

looked tired out, Yuuji's eyes were shining with joy.

Kotarou who was looking in the direction of those two people, who had started to play, made a single bark "Woof".

It seemed that she wanted to head towards the forest outside the house. Maybe it was for a walk.

「What's wrong Kotarou? Do you want to go into the forest? But we can't leave Alice behind by herself..... Will it be alright if Kotarou goes alone? What do you think, Alice?」 (Yuuji)

「Since Kotarou is strong it will be alright! Kotarou is smart so she also won't get lost. It will be alright, right Kotarou?」 (Alice)

Woof!

"That's true, I wish you wouldn't lump me together with Yuuji."
(Kotarou)

Kotaro replied with powerful bark.

Come to think of it, Alice had asserted that since Kotarou is strong and smart, she would be alright.

Except for the speaker Alice, other than Kotarou there was only one other person.

Do your best, Yuuji!

◆◇◆◇

「Then, what I made will be the bottom part while what Alice had made will be the top part. Let's lift it up! Here we go!」 (Yuuji)

「So this is snowman~? It's somehow cute~」 (Alice)

「Alice, this is still isn't finished. Starting from here it will be the difficult part that demands originality. Long branches to make the arms, okay. The bucket to make the hat, is also okay. But if we messed up on the face, it will become pitiful right? Alice, do you want to make the face for the snowman-san?」 (Yuuji)

「Un, it's the first time Alice has done it so Alice doesn't really understand, but Alice wants to try doing it!」 (Alice)

Alice searched around the garage, prefab storage, and the desolate hedge that had lost all its leaves for the materials to make the face with.

"Heave-ho, heave-ho" While saying this, she carried them to the snowman's location.

Thud *Woof*!

Kotarou had returned.

Yuuji looked at the opened gate and saw Kotarou's pale brown figure shining distinctly amidst the silver world. She left something white near her feet.

「 Oh, Kotarou, what's that? Isn't that a rabbit? Did you hunt it? 」
(Yuuji)

「 Ah!! Snow Hare[1]! That's amazing Kotarou! Yuuji-nii, this is called a "Snow Hare". You can't catch it except in the winter. It's really, really, delicious, you know! But since it is white it's hard to see it, so it is difficult to catch it. 」 (Alice)

「 Oh, that's amazing Kotarou 」 (Yuuji)

Yuuji showered Kotarou with praise as he petted Kotarou over and over again. Kotarou rubbed her body against Yuuji and looked at him with her eyes.

"You are feeling down, right? Eat meat and cheer up!" (Kotarou)
What a good thing she had spoken.

Alice quickly grasped the snow hare's ears and brought it to the prey butchering spot in the garage.

The Houjou Family's women were literal carnivores.[2]

◆◆◆◆

Yuuji faced the computer in his room.

Finally he had resolved his heart.

First he made a free email account.

By the way, the snow hare had been smoothly dressed by the hands of Butchering(Kaitai) ☆ Little Girl(Youjo) Alice-chan[3], she ate the heart for lunch, while the MVP Kotarou get the rest of the offal.

The skinned Snow Hare, devoid from viscera, was cured in low temperature by thrusting it into the bottom part of the snowman.

"By placing it in the snow we can eat it after one day has passed, Alice can't wait for it." Alice said while expressing a very large smile. She didn't have any hesitation.

Currently, in Houjou Family's garden, a single faceless snowman (with snow hare inside it) stood alone.

「 Sakura, right?..... The photo is attached, so what should I write?..... 」

(Yuuji)

While muttering in a low voice, he typed and then deleted it, he typed again and then deleted it again, Yuuji kept repeating this.

Although he was troubled by it, he had somehow finished writing the email and sent it to Sakura.

□ □ ■ ■ □ ■ ■ □ □

To Sakura

This is Yuuji.

I'm sorry I'm late to contact you.

Since Niichan didn't remember Sakura's email address.

The phone is connected, but only weird noise comes out from it.

I think you already know about this.

Niichan also doesn't understand it well.

The house is still here, but the surrounding is a forest.

I don't know where this is, so I don't know whether there are real villages or towns here.

I also don't know whether or not I can return.

But Niichan is able to go outside.

After Dad and Mom died, the only person living in the house is me alone.

But it was sadly too late, since I only able to come out after both of them had passed away,

Now that I am able to go outside, there is Kotarou and I even got a stepsister.

Day by day, I did things by trial and error so I can continue living.

Now, after 10 years, I am happy.[\[4\]](#)

I want to show it to Dad and Mom.

I want to meet and show it to Sakura.

Sakura, I'm sorry if I caused you trouble.

Sakura, I'm sorry for leaving you alone over there.

Although we can't meet, I can send emails and photos, if you like I want you to also visit the bulletin board.

I also upload videos onto it, everyone in the bulletin board taught me many things and their foolish conversations are also fun.

Then, live happily with George-kun.

Because I will also do the same here, somehow.

I will email you again.

Houjou Yuuji

PS

By the way, when you are still little, you said you want an imouto, right?

The cute Alice has also become Sakura's imouto.

It's fine to give all your clothes and accessories to Sakura's cute imouto, right?

Please say okay!

I'm honestly sorry for this!

))))))))))))))))))

Chapter 3: Although Yuuji is a NEET, It seems that He's a Rich Person in Japan.

Part 6 Yuuji's Imouto Sakura, Replying Email from Yuuji

「 Since I have already gone this far, should I go a little bit further to Nasu[1]? 」

Yuuji's imouto, Sakura.

She just returned from visiting the electric company, gas company and waterworks bureau. She was really tired after receiving loads and loads of complains.

She was at her favorite Japanese-style café near the prefectural office having a coffee break and lunch, while escaping from reality.

She intensely fought for her own principles and position in America, even if she was only a 28 year old woman.

Furthermore, she emphasized that it was honesty.

She didn't especially return to Japan just to get scolded by a bunch of ossans.

「 Waaa. But Gunji-san will come any time now, I need to get hold of

myself.」 (Sakura)

「 Oh, so you were there? Thanks for waiting, Sakura-san. 」 (Gunji)

A male came and greeted Sakura.

His age was approximately in the fifties. His neat and stylish suit really didn't fit with the ambience of the Japanese-style café. His black hair only had a little bit of white color mixed in. His sharp pointed metal framed glasses furthermore reinforced his neat impression.

He was really out of place.

「 Ah, Gunji-san. I'm sorry for making you come to this place. 」
(Sakura)

「 Ah, I'm not bothered by it. Since my office is close by. It seems that my workers also occasionally come here. 」 (Gunji)

His voice was refined. However, he was really out of place.

Actually except for the table those two sat down at right now, the other tables were filled with the Office Ladies[2] eating their late lunch or Madams[3] who were chatting with each other. In the provincial city, it was an essential part for the bourgeoisie Madams to frolick a little in the fashionable café.

「 Then, what do you need me to do? On the phone, you seem to be considerably troubled. 」 (Gunji)

Yes, that was the reason Sakura called out this out of place man to this place. It was related to the “Lifeline's Company Scolding Tour” she had done today.

「 Actually..... I had some dispute with the electric company, gas company, and waterworks bureau. So I was wondering if Gunji-san could become my proxy. 」 (Sakura)

「 There will be no problem. Your parent's accident, the inheritance, and also many others had been entrusted to our office. Because your family had always only use our service, anything law related on your family can be easily understood. 」 (Gunji)

On Gunji's suit a golden badge was giving off a shine. Yes, this man was the chief of Gunji Law Firm, the lawyer whose Houjou Family indebted to. He was the father of Sakura's classmate, so their relationship was a lawyer that was introduced by a friend.

「 I'm really glad you said that. This state of affairs has really gone beyond absurd... This is something that I don't have any courage to

consult with a lawyer I'm meeting with for the first time.
Actually.....」

While opening the laptop, Sakura began to explain.

No matter how much this is repeated, it is out of place.

◆◆◆◆

「Fumu..... It's difficult to believe promptly. If we just think this pragmatically, I think the current point of issue is not whether the house unexpectedly went to another world or not. First let's confirm the intention of each company. If we can find a pragmatic point of compromise, generally speaking I anticipate it will be under the pretext of money, will this be alright?」 (Gunji)

「If this can be resolved with money the more or less it's fine.
Ano..... Do you believe in it?」 (Sakura)

「In this case, I don't think the main problem is whether I believe or not.」 (Gunji)

「Yes, you're right....」 (Sakura)

「However, my hobby is reading. This appeals to my preference. Michael Ende[4], Lewis Carroll[5], J.R.R. Tolkien[6], C.S. Lewis[7], Ursula K. Le Guin[8]..... If you find the method to go to another world, please share it with me secretly.」 (Gunji)

Gunji winked at Sakura. He was unexpectedly playful. However, his mouth didn't make any smile or grin. He was really a difficult to understand man.

◆◆◆◆

「Gunji-san was really unexpected. At any rate, I'm glad I could leave things to him.」 (Sakura)

Sakura then headed towards Bank of Tochi*. [9]

When they separated, she received a report from Gunji-san.

The consolation money [10] for her parent's traffic accident had been paid to their family, so she needed to confirm it.

「Ah, this is really troublesome! After confirming the account with the bank, I also need to consult with tax counselor about inheritance tax..... That's right, what about oniichan's certificate of residence [11]? But if the land is still there but the house is gone, will there be a problem? If I discuss this with the municipal office I will completely become a suspicious person. Well, if I falsify my address in Japan it will work out in the end somehow. Ah, really! Why did

oniichan just nonchalantly go to another world?! Help me out over here! I wonder if I have to extend my stay in Japan.....」 (Sakura)
It is difficult to live in modern day Japan.

◆◆◆◆

「Aah, I'm really tired.....」

Sakura was finished with this long day. She couldn't be a bother and stay at her friend's house for too long, so she went to a hotel near JR Utsunomiya Station.[\[12\]](#) After check-in, she threw her body on the bed.

「The email from cave-dwelling bear oniichan hasn't come. I wonder if it because I excessively revealed his secret?」 (Sakura)

Poon

From the opened laptop, a mail ringtone sounded. She had purposely changed the email ringtone setting to sound when an email from Yuuji came.

Sakura suddenly sprung up and quickly checked the email in front of the laptop.

She had been waiting anxiously for an email from Yuuji.

「Oniichan.....」 (Sakura)

□ □ ■ ■ □ ■ ■ □ □

To Yuuji Oniichan,

This is Sakura.

I have properly received your email.

I had expected the email to arrive in the late afternoon or evening, and it is just like what I predicted!

Sorry for accidentally revealing oniichan's embarrassing stories.

Is that so? Finally coming out from the house after 10 years.

I'm really happy for you.

I'm sure Father and Mother in the Heaven are also happy for you.

I'm glad that oniichan is healthy and happy.

I'm really glad.

Lifeline companies, municipal office, bank, tax,

Oniichan's disappearance really, and I mean, really caused some big problems,

But I'm not troubled by it. Maybe.

I'm not alone.

There still George, and with email I' still connected to oniichan.

I will receive the emails and the photos and also visit the bulletin board.

Last night, I had a great laugh when Emi showed me the thread.

It's as if oniichan from 10 years ago had returned.[13]

I cried a little.

I'm so happy.

Welcome back, oniichan.

I'll email you later.

Sakura Flores.

PS

I was irritated by oniichan who gave away my clothes without permission,

But since Alice-chan is cute, I'll permit it!

She can use them as she likes, to always make her lovely.

But if it's not Alice and it's Oniichan who touches my underwear, I will not forgive you.

I will reveal a lot of things on the bulletin board, you had been warned.

Ah, also oniichan's bank account, the inheritance money from Dad and the consolation money has been transferred to it.

Please check it with the Net Banking tomorrow.

If there something you don't know, you can email me.

○○○○○○○○○○○○○○○○

And so Yuuji become a rich person.

This is the thread to enjoy the reports, images and videos of another world that 「Yuuji」 has uploaded.

Is it really another world? How did he fabricate it? This is the thread to verify this.

The next thread will be set up after this thread reaches >>980

This is Yuuji

She is really my real imouto

We have been exchanging emails yesterday and today

781: Anonymous NEET

Welcome back Yuuji!

It's okay

Everyone has their own fetishes

782: Anonymous MEAT

Oi!

Just leave that behind already

He'll be reminded of it, have some pity on 'I Love Huge Breast'-san will ya

783: Anonymous ETNE

That's right

Keep-kun needs to stop touching on the past

784: Cool NEET

Only one day huh?

Your revival is quick

So how is it?

785: Yuuji

This time I have so many things to report

The first thing, is this

The photographs that my Imouto took in the place where the house was located

http://*****

786: Anonymous NEET

Eh?

787: Anonymous NEET

What is this?

788: Well Informed NEET

This is just an empty ground

789: Anonymous ETNE

To think that this is something unexpected

「 This is the place where the house was located 」 you say

Isn't that just a figment of your information?

790: Cool NEET

Now now everyone

So you say that this is the place where the house was located

So how is the electricity, gas and water service?

791: Anonymous NEET

>>790 Just continue examining the topic at once

I like that position you take

792: Professor Acorn

>>791 In essence, because 790 is the chief of this thread

793: Anonymous NEET

Just like how Yuuji is an omake(freebie/ extra) of Kotarou

Even this bulletin board is an omake

794: Yuuji

It seems electricity, gas, and water service abruptly was severed

The companies were in a bad mood

So my imouto needed to hire a lawyer as her proxy

>>793 Oi!

If I am severed how have I been continuing to supply this topic?[\[1\]](#)

795: Anonymous MEAT

>>794 More importantly: You're just being criticized by the real imouto

796: Anonymous ETNE

By the way, someone please give 794 a tsukkomi

797: Cool NEET

>>796 Leave it to me

1. What you mean by severed? Do you mean it was disconnected?
In the view of each company, has the lifeline been stopped?
2. How bad was the companies' mood that your imouto needed to hire a lawyer?

798: Anonymous NEET

>>797 is a reliable NEET

Please someone just give this guy a job!

799: Yuuji

1. The companies had stopped their service.

The electric cable, gas pipe, water pipe, and the house's ground was cut off at the boundary, but even now the electricity is still connected, I can make fire, and the water still comes out

2. Since each lines were cut off en route

The electric cables were dangling in the air, the gas pipe was leaking, the water pipe sprouting

If the wind's direction was different there might have been a gas explosion, so they were mad about it.[\[2\]](#)

At my imouto that is.

Even though the neighbors were 300 meters away so there won't be any victim, it would still be a serious incident.

800: Anonymous MEAT

Hie![\[3\]](#)

801: Anonymous NEET

Of course it would be bad

2 --> of course they would dispute this

1 --> please polish your settings more

If it was with magic then it will be more splendid you know, Yuuji

802: Anonymous NEET

Of course they would dispute this...

Or rather I think I have heard this story somewhere

803: Anonymous NEET

What? Are you an Infrastructure Worker[4]-san?

This is a board for NEETs you know

804: Cool NEET

Well it's strange that the electricity, gas and water can still be used even when it isn't connected to anywhere

As if their state in Japan is something unrelated for their usability

805: Infrastructure Worker-san

This is 802

Yuuji-san's house previous location, in detail is at...

806: Anonymous NEET

Now you've done it 805!

Let's do a BBQ offsite meeting at that empty ground

807: Anonymous NEET

Let's invite Sakura-chan

And let her spill out Yuuji's embarrassing stories

808: Infrastructure Worker-san

Sorry

As expected, I can't say it

It's work confidentiality

809: Anonymous NEET

>>808 It will be alright!

You also can come to that place

810: Yuuji

Well even if you go to that place, there will be nothing and no one there

My imouto has also returned to America

By the way, please examine this picture, what do you think?

http://*****

811: Anonymous ETNE

That is really...

Huge...

812: Anonymous NEET

>>811 Huh?

813: Anonymous NEET

>>812 I think you absolutely haven't examined it

814: Professor Acorn

Oh.....

815: Anonymous MEAT

Is it a gore photo?

Hey, it is a gore photo, right?

816: Well Informed NEET

My inner mental state had a browser crash

It's a Net Banking balance for the name Houjou Yuuji

820: Yuuji

The number is so high that I got nervous and wanted someone to say something about it

My parent's inheritance and insurance money, the consolation money from the other party

My imouto asked a lawyer for help, so I only had to press my seal[\[6\]](#) repeatedly like a machine

I pressed it here, then there, and then signed it

Pay the tax, and that was it

>>818 But I'm in another world so how will it serve me any purpose?

[1] This is a pun. But I don't know how to render it: 身を切って話題提供してるでしょーが

. The response from 795 is 正しくは実の妹に身を切られて な. The joke comes from the different meanings of the word 身を切る.

[2] Gas Leak + Electric Spark = Instant Michael Bay movie

[3] Expression of being afraid or shocked

[4] The actual Japanese is インフラ屋 (infura ya) Infura is the acronym for infrastructure and Ya can mean a shop or or calling a worker who work at that shop.

[5] Adding -sama means that the person is superior. As always NEETs is weak to money

[6] In Japan, people mainly use a 実印 Jitsuin or personal seal and not their signature to sign something like a contract or letter

[7] Jungle as in Amazon Jungle. Get it? Amazon. *lame joke*. The original is Mitsurin 密林 that means literally Jungle

[8] Since Amazon can deliver anywhere?

[9] Seino Un'yu 西濃運輸. A delivery/transportation company in Japan.

[10] He speaks in Kansai-ben... My Kansai-ben lingo is shaky (even after researching the net), so I don't know if this is right. The original: おるかー？ Oru ka?

よーし、おるな！ いくわ！ Yooshi, oruna! Ikuwa!

あんちゃんけったいなとこ住んどるなー Anchan kettaina toko sundorunaa

大変やったでホンマ Taihen yatta de honma (kansai ben 'Yatta' --> Standard Japanese 'Datta')

あ、ここやで A, koko yade (Kansai ben 'yade' --> Standard Japanese 'Date')

The Wikipedia said that I need to translate Kansai-Ben to New York English since it fit the Dialect Bustling Trade City feeling well than Southern American English. But this is way above my English capabilities. Or turn it into Glaswegian... Since Scottish sounds strange in English ear, just like Kansai-ben sound strange in Tokyo-ben.

[11] Anchan: older brother.

Chapter 3: Although Yuuji is a NEET, It seems that He's a Rich Person in Japan.

Epilogue

『Ladies and Gentlemen, this plane has left Narita International Airport. We are now entering cruising altitude. The estimate arrival time to Los Angeles International Airport is 11 a.m. and 10 minutes at December 16th Local Time. It is forecasted that the weather will be clear and the temperature will be 14 Celsius.』

sigh

Hearing the in-flight announcement, Sakura let out a sigh as she lightly threw her body back on the reclining seat.

Her sojourn full of upheaval in Japan had finished, and now she was inside the plane that would take her to Los Angeles where her husband was waiting for her.

She had stayed for one week. Her physical and mental fatigue that came from paying almost 40 million yen charges was wiped away by the business seat she used right now.

Of course she chose to receive half of the inheritance from her parents and became a rich person just like Yuuji.

「At any rate, it was so tiring..... I think it will be okay for me to live in luxury, right? There is no need to look at the card billing for this month.」 (Sakura)

The weary Sakura persuaded herself. She was escaping reality. In any event, this tendency flowed in her blood.[1]

「But oniichan is in another world, right.....? I can't meet with him, but if I think about it I haven't seen him since the time I married George and decided to live in America. That's true, yes that's right. I can still exchange mail with him so I should be delighted that the lively oniichan from the past has returned.」 (Sakura)

Sakura let loose a laugh. Although for these 10 years, she had distanced herself from her Hiki-neet brother, all of her best friends knew that she was a brocon.[2]

「Ah, young lady there, did something good happen to you in Japan?」 (Old Lady)

「Hey, she's Japanese. She might not speak English, right?」 (Old Man)

A refined old couple, their age maybe in the late 50's, who was seated across the aisle called out to Sakura in English. Sakura's loose laugh might have touched the old lady's heartstring.

「No, that's alright, I can speak English just fine since my husband is American. As for the question, yes that's right, something good did happen to me in Japan.」 (Sakura)

「Ah, is that so? Then can I hear about what that thing is? Since you made such a laugh, it made me curious.」 (Old Lady)

「Yes, that's fine. But only a little, okay? To put it simply, my brother who was depressed for a number of reasons has become lively again. Right now he is actively having fun. That's why I feel happy.」 (Sakura)

「Ah, you made a another good smile. You really love your brother right?」 (Old Lady)

「That's true..... I love my brother.」

Sakura said this while smiling cheerfully. Using 『Love』 expression that is normally used between siblings in America, Sakura had been completely Americanized.

But she couldn't mention his depression period, in other words the fact her brother shut himself in the house for 10 years.

「What a great snowstorm outside...」 (Yuuji)

「It really is big! But since there is aircon it isn't cold! It's great, Yuuji-Nii!」 (Alice)

Outside the living room, everything was blanketed by snow. The snow that was blown by the strong winds continued to draw diagonal white lines.

According to the calendar of the previous world, today was late February.

Yuuji didn't know if this world had a general concept of 「calender」, but this winter showed no signs of stopping.

「I wonder how long this winter will continue for. I have enough of this immoderate season.... Alice, do you know how much longer until spring arrives?」 (Yuuji)

「Ummmmm, in the winter, a lot of snow falls in snowstorms so we can't go outside, after that is over, just a little longer and the snow doesn't fall anymore!」 (Alice)

「Ooooo, Alice is smart」 (Yuuji)

Yuuji said this and frolicked with Alice.

“Mou. The imouto in our house is so cute.” (Kotarou)

Kotarou also approached Alice and coiled around her.

「Alright Alice, since we can't go out today, let's study together!」 (Yuuji)

「Un! Alice want to play the game with blib-blob numerals in the PC.」 (Alice)

Yuuji was a rich person in Japan.

However, in this another world, he was only using the money to download entertainments like PC game softwares, ebooks, or manga.

There were other effective uses other than for entertainment, like purchasing child education software for Alice.

But, even if he was a rich person, Yuuji was still only a Yuuji.

“You only a Yuuji!” can become a good insult...

Onward! Next is Chapter 4! Yuuji finally meet sapient lifeform other than Alice.

[1] Please remember that Yuuji also likes to escape from reality.
[2] Brother Complex. Just like Miyuki from Mahouka Koukou no Rettousei
